

# Become a Member!

Since our inception in 1994, our mission has been to preserve and protect the Rio Grande-Rio Bravo, its watershed and environment.

We do this by increasing awareness through advocacy, research, education, stewardship and bi-national collaboration for the benefit of present and future generations.

For over 25 years, RGISC has filled an important role as an environmental educator, thought leader, and convening organization in the community, bringing together citizens, government entities, and water users to safeguard the watershed. The Rio Grande watershed in Laredo is experiencing several negative impacts that affect water availability, water quality, and wildlife habitats. Recently, our work has expanded into fighting the proposed Border Wall and building a watershed science stakeholder group that can address water security threats to our region. Choices we make today to conserve this river ecosystem directly impact the survival of the river for future generations.

## What RGISC Does

Consider joining us as a member to help sustain our day to day operations during these critical times!

Go to our website [www.RGISC.org](http://www.RGISC.org) and click “Support” to become a member, or use this address: [Bit.ly/RGISCmembership](https://bit.ly/RGISCmembership)

Please consider making a recurring monthly donation. Every little bit helps! As always, our donations are tax deductible, and small regular donations help us immensely!

Membership gives you a vote in our organization, and our support will help fund urgent on-the-ground efforts to protect and preserve our Rio Grande and other pressing environmental issues in our community. Each tier has its own sets of perks, and we are excited to continue to share our work with all our supporters!

## We cannot do this work without you!
